Moose Riders

Moose Riders

A while back I sent out a flyer and information about the North Carolina Moose Riders 1st annual State Rally in the Outer Banks of NC. This rally just happened this past weekend (April 28 to May 1, 2011). Quite a few of us, Virginia Moose Riders, attended this event in support of our fellow members. At any given time during the weekend there were 10 to 12 Virginia Moose Rider members in attendance. I want to thank those members who represented the VMR.

The goal of the VMR was to support our members across state lines and to gain some great idea's for our future State Rally. I must say these guys put on one hell of a great rally. There was at least 80 bikes and around 160 people in attendance. This was a great showing and support by the members of the NC Moose Riders. We learned a lot from them and how they structure NC Moose Riders within their state.

I want to thank Lee Simmons the NC Moose Rider State President and all the NC Moose Rider members for their hospitality, friendship and showing us a great time. I certainly hope we (Virginia Moose Riders) can step up in our state and give a good showing and support to what we do within our state and one day be able to extend the same courtesy that has been shown to us.

Please check out www.vamooseriders.com under the heading "From the State Chairman" for pictures of the event.

**Thank you,
Steve Baxter
VMR State Chairman**
