A Question On RV Facilities At Lodges

I was wondering if there is a way to find out what Moose Lodges have RV facilities attached to them. Carol L., WA.

ANSWER: There is a section on the Lodge Locator page of our website, <http://www.mooseintl.org/Public/MooseSearch.aspx>, that lists Lodges that have RV or camping facilities. Each Lodge reports this information based on their own interpretation of what constitutes RV or camping facilities. RV facilities can range from merely enough room to park an RV to full hookups with electric, water and sewer. It is best to contact each lodge in advance to ensure their facilities are available and will meet your needs.
